Activity: Break-out groups

Thursday, 9:30 AM

Goal

To develop
CodeMeta files for software author use
CFF files for software author use

To work on other things, such as
finalizing or adopting better practices
building a marketing plan
your ideas here

Overview

Choose task to work on

Work in groups with or without a SME, as needed;
SMEs can float among the groups

Create a Google doc in the workshop folder to
document your work if one doesn't already exist

File locations

<https://tinyurl.com/SSRCW-links>

OR

<https://asclnet.github.io/SWRegistryWorkshop/ActivitiesLinks.html>

Process

Groups can work anywhere: here, out in the oval area, upstairs in PSC 2148, downstairs in the lobby, in Atlantic break room, etc.

Coffee/tea break at 10:30/return to PSC 1136 at 10:45

Resume break-outs at 11:00 until 12:15 lunch break

Ideas to start

Look for these citation files for software in your resource to see how authors implement these files

Choose one resource to work on, to serve as a model (aka “guinea pig”) for implementing these files

Your ideas here

Open discussion

Thursday, 1:15 PM

Discussion

Report back from morning's breakout sessions and discussion

Break-out groups

- Stephan writes stuff down

- Shelley writes stuff down for new best practice

- Best practices document clean-up

- Improving CodeMeta documentation

Break-out groups

Wednesday, 2:45 PM

Report back from break-out groups

Wednesday, 4:30 PM

Recap and next steps

Wednesday, 5:00 PM

Workshop improvement

Wednesday, 5:20 PM

The end!

... or the beginning!

Wednesday, 5:30 PM
