Wireless network

Eduroam users, you're set!

Don't have eduroam? To create an account for accessing the guest wireless network, go here: https://tinyurl.com/UMDguestwifi

Introductions

Wednesday, 9:00 AM

Presentations

Wednesday, 9:30 AM

Activity: Best Practices break-outs

Wednesday, 10:35 AM

Goal

To write rationales for each best practice: why do we recommend this particular practice?

To provide one or two useful examples of each practice in use

Overview

Work in groups on the best practices

Each best practice is in a separate Google document; these documents are in their own folder

File locations

https://tinyurl.com/SSRCW-links

OR

https://asclnet.github.io/SWRegistryWorkshop/ActivitiesLinks.html

Process

Form groups of no more than four people to work on one or two of the seven specific practices

Groups can work anywhere: here, out in the oval area, downstairs in the lobby, in Atlantic break room, etc.

Present progress at 11:45

Presentations

Wednesday, 1:30 PM

Group discussion

Wednesday, 2:40 PM

Discussion

Shared challenges
    What are they?
    How might we work together to mitigate these?

Solutions
    What has been successful for your resource?
    What solutions exist that we might leverage?

State of software citation for our resources

Wednesday, 3:45 PM

Discussion

Is software in your resource cited using your resource?
(Not necessarily exclusively)

Should it be?

What might help?

Activity: Crosswalk our resources

Wednesday, 4:35 PM

Goal

To crosswalk (match fields with) your resource to CodeMeta and CFF

Overview

Work in pairs: one resource rep/one person who isn't

Pair will edit resource's crosswalk table

Resource crosswalk table on one computer, and
CodeMeta properties description file on other

File locations

https://tinyurl.com/SSRCW-links

OR

https://asclnet.github.io/SWRegistryWorkshop/ActivitiesLinks.html

Process

Person 1: Open csv file for your resource

Person 2: Open CodeMeta properties link

Add name of resource as heading for third column

Add your resource's fields to third column, matching them with the CodeMeta and CFF terms

Confused?

Ask for help!

Activity: Metadata Bingo

Wednesday

Goal

To find out what metadata fields are used by every resource in the room

Process

Whatever works!

Review and look forward

Wednesday, 5:15 PM

Discussion

What needs more coverage/time/discussion/work?

What haven't we hit that you want to do/discuss?
Post it!
